ABOUT THE FESTIVAL DU VOYAGEUR

The Festival du Voyageur is renowned for its historical, cultural and educational experiences that celebrate the founding peoples of the Red River Colony, the Voyageur era, the fur trade, and the joie de vivre of the francophone community, year-round.

Originally built at the junction of the Red and Assiniboine Rivers in 1809-10, Fort Gibraltar was a North West Company trading post. It played a key role in the development of the Red River Colony and the conflict between the giants of the trade: the North West Company and the Hudson's Bay Company. The Fort Gibraltar we see today is a reconstruction that was placed on the east side of Red River in 1978.

Every winter since 1970, St. Boniface, Winnipeg's French quarter, has been transformed into a winter wonderland and has been the host of the largest winter festival in western Canada. The Festival du Voyageur is a ten-day festival in February that receives more than 95,000 visitors each year. Fort Gibraltar is the main site, the heart of the activities of our famous winter festival re-enact the typical activities that would have taken place in 1815. The stories of voyageurs, Indigenous people are brought to life, not only through historical interpretation at Fort Gibraltar, but also through numerous attractions within Voyageur Park and other official venues. Music in a variety of styles, traditional food, sensational snow sculptures and a variety of shows follow one another to satisfy a very diverse audience.

We employ 10 full-time year-round staff and more than 250 temporary employees before and during the winter festival. In addition, we welcome more than 500 volunteers and have partnerships with community organizations that contribute several hundred other volunteers.

We take this opportunity to warmly thank all the volunteers who contributed to making the Festival du Voyageur such a success, and of course, thank you also to all those who will participate in this new edition!

Iconic Symbols

The Voyageur

Voyageurs were young men from Eastern Canada who were typically hired by the North West Company or Hudson's Bay Company to transport furs by canoe in the 1700's and 1800's. They typically travelled from Montreal to Western Canada to fetch furs and then return with a delivery to Montreal.

The Official Voyageurs

The first Official Voyageurs at the Festival du Voyageur were Georges and Anita Forest in 1970 (the Forest tent is named in their honour). Every two years new Official Voyageurs are appointed by a committee composed of all former Official Voyageurs. Official Voyageurs are typically dressed in costume and act as ambassadors of the Festival du Voyageur in the community throughout the year.

Toque and boot Logo

The Festival du Voyageur logo was originally a snow sculpture made by Gérald and Jeannette Dubé in the 1970s. Their intention was to carve a voyageur, but due to a lack of time, they simply carved the toque and boots without a body. This sculpture has become the corporate logo of the organization since that time.

Sash

During the time of the voyageurs, this piece of clothing served as a work uniform with a distinct pattern for a company and also served as a support for the lower back. Today, the belt is an unmissable image worn by thousands at the Festival du Voyageur.

Léo La Tuque

Our official mascot, Léo La Tuque, represents our toque and boot logo while entertaining our young festival-goers.

Safer Space Policy

At all Festival du Voyageur events, we welcome the community to come and celebrate the joy of living. We believe that all people have the right to a safe place with a sense of personal security regardless of age, ethnicity, sexuality, gender identity and physical or mental ability. The Festival has a zero-tolerance policy regarding discrimination, harassment and verbal or physical behaviour that demeans or marginalizes an individual.

If you feel that someone is acting disrespectfully or interfering with your experience, report it immediately to one of our security officers, identified by a high-visibility vest, to address the situation as soon as possible. People who do not follow these rules and compromise the safety of other festivalgoers may be removed from the event without refund.

As a volunteer, you have a special role in implementing this policy.

You are the eyes and ears of the Festival on the ground and you can help us create a safe environment for the public. It is possible that you may be approached by festival goers who want to report a worrisome situation. If you see something that concerns you or someone approaches you for help, you are asked to immediately inform one of our security officers, so they can intervene.

Prioritizing Indigenous Kindship

We recognize that in the past, we have not done enough to build and strengthen our relationships with Indigenous communities to ensure their inclusion and representation within our festival. So this year we've hired more artists, staff, created more partnerships and we're focused on collectively celebrating Indigenous voices.

We are now taking concrete steps to contribute positively to the process of reconciliation with Aboriginal and Métis peoples.

These measures include, among others:

- Signing of the Winnipeg Aboriginal Agreement
- Plaque recognizing ancestral territories on Fort Gibraltar
- Hiring of an Indigenous Initiatives Coordinator to oversee new reconciliation projects.
- Multi-disciplinary Indigenous programming in the Virtual Foresttent
- Our school program has many activities with Indigenousthemes.

Environmental Initiatives

These initiatives include:

- Waste sorting stations that will have garbage, recycling and composting bins with Eco-Voyageur volunteers who will help festivalgoers decide which material goes in which bin.
- An obligation on the part of our food concessions to have 100% compostable containers and utensils.
- Reducing sales of single-use water bottles while offering free refill stations for reusable water bottles.
- Installation of a natural gas to heat the tents, thus reducing our propane consumption.

FRENCH-LANGUAGE SERVICE AND PROGRAMMING

At the Festival du Voyageur, we are proud of our Francophone roots and make an effort to offer an experience in both official languages. Here are our guiding principles on official languages:

- All our publications and signage are in both official languages.
- All our announcements are in both official languages, with French being the first priority.
- Our French-speaking volunteers identify themselves with a button to communicate to festival goers that service in French is available.
- Approximately 70% of our historical interpreters offer interpretation in French.
- As much as possible, we prioritize bilingual volunteers in our positions that have a high rate of interaction with the public.
- As much as possible, we ask our vendors to provide bilingual service.
- We encourage all our volunteers to know and use the following three words in French: Bonjour (Hello), Merci (Thank you) and Au revoir (Goodbye).

ARRIVAL FOR YOUR VOLUNTEER SHIFT

The information below is written for volunteers working at Voyageur Park. For shifts at other sites, please consult with your contact person.

All volunteers must report to the volunteer trailer located near the service entrance of Parc du Voyageur (corner of St. Joseph Street and Messager Street) at the beginning of their first shift.

Subsequently, volunteers will be asked to join their team leader and receive the necessary tools and instructions.

All volunteers must report to their team leader at the end of their shift to let them know they have completed their work and return any borrowed tools.

Please arrive at Parc du Voyageur at least 15 minutes before your shift to avoid any difficulties.

TRANSPORTATION TO VOYAGEUR PARK

Voyageur Park is located at 866 St. Joseph Street in St. Boniface.

Public Transit

Buses 10, 43, 49, 50 and 56 pass near Voyageur Park.

By Car

We offer our volunteers a limited number of free parking spaces located at the intersection of St. Joseph Street and Messager Street, specifically in Parking B (see photo below), as well as at La Caisse parking at the back of the building, accessible via Dumoulin Street. To access Parking B, you will need your credentials, which will be provided to you during your first shift at the volunteer trailer. These parking spaces are reserved for volunteer hours only!

Please note that there may be a shortage of spaces in this parking lot during peak hours. Therefore, we encourage volunteers whose shifts start before the park opens to park in adjacent streets near Parc Whittier, as the public will not be present yet, leaving more space in the volunteer parking for those whose shifts begin after the Festival opens.

There are also free parking spaces available at CCFM, CDEM, and the University of St-Boniface.

Once parked, volunteers can access the free Festival du Voyageur shuttle, running from 9 am to 1:15 am, near each parking location. Refer to the shuttle map in the appendix.

The shuttle operates on a circular route for about 15 minutes in the morning between 9 am and 10 am, and then every 30 minutes for the rest of the day. If the shuttle picks you up at the La Caisse volunteer parking, it will take only 2 minutes to reach the park.

At the end of your shift, the shuttle will take you back to the La Caisse parking lot. When boarding the bus, please inform the driver that you are parked in the La Caisse volunteer parking, so he can make a stop on East Bound Provencher at St. Joseph (this stop is for alighting only). This is crucial to avoid spending 30 minutes on the bus to return to the parking lot, whereas it will only take 3 minutes if you indicate to the driver to stop.

Public parking at Parc du Voyageur is available at a cost of \$10 per vehicle.

Safety

At Festival your safety is our priority! It is important to know that in Manitoba, workers (volunteers included) have several fundamental rights, including:

Right to Know:

• Workers have the right to be informed about potential workplace hazards and dangers.

Right to Participate:

• Workers have the right to actively participate in matters concerning health and safety in the workplace.

Right to Refuse Dangerous Work:

- Workers have the right to refuse work if they believe it poses a danger to their health or safety or that of their coworkers.
- The refusal must be made in good faith, and the worker is protected from reprisals for exercising this right.

Right to Protection from Discriminatory Action:

- Workers are protected from discriminatory action or reprisals by their employers for asserting their rights under workplace safety and health legislation.
- This protection extends to workers who have raised concerns about unsafe working conditions or participated in health and safety activities.

These rights are designed to ensure a safe and healthy work environment for employees in Manitoba and empower them to actively contribute to workplace safety. It's essential for both employers and workers to be aware of and respect these rights to maintain a harmonious and secure work environment.

For some positions you will have to review the safe work procedures with your team lead before you start your shifts. All Safe work procedures are available in your betterimpact profile as well under Files.

First Aid Kits and AED are located in every tent. In case of an emergency at Festival du Voyageur, volunteers should stay calm, assess the situation, and report it immediately to festival organizers or security. Follow instructions given by authorities, including evacuation procedures, and assist others, especially those with special needs. We have ACSI security and Victory First aid that are trained professionals available on site (see map in annexe 4).

In case of personal injury, volunteers at Festival du Voyageur should seek immediate first aid assistance, report the injury to your team lead, and fill in an injury report available at the volunteer trailer. If witnessing a near miss, volunteers should promptly report it to the team lead, providing detailed information and fill a near-miss report also available at the volunteer trailer.

If you are unsure about a situation, you should prioritize personal safety, seek guidance from team lead or volunteer coordinator, ask questions, and consult with colleagues for insights. Follow established protocols, trust common sense, and report uncertainties or concerns promptly.
